Message from National President

Ajit Panicker
National President

Dear Members

The new year brings hopes for a better and prosperous year ahead . The dark clouds of the covid pandemic continue to derail our plans and we need to ensure that we dont let our guards down. In all probability this could be the end of the epidemic being called and endemic making it a localised phenomenon . Its been over two years since the pandemic and the world around has changed both on the business and personal front . The need of the hour is to adapt and move ahead with the changed environments. The association has been actively helping the MSME community in our trade with various activities and sessions in helping our members to adapt to the changed environments. Each of us as members playing a small part in participating in the various activities of RATA can help grow our community and also organise and structure our industry . Over the next few months we are planning various offline meetings and we look forward to seeing you at these events .

RATA DELHI MEMBER GETS EXPORT PERFORMANCE AWARD

Spirotech Heat Exchangers Private Ltd., a LU-VE Group company and a leading Heat Exchanger manufacturer has been honoured with an award by Engineering Export Promotion Council (EEPC), an institution under the Government of India and the Ministry of Commerce, for its contribution to exports. EEPC confers this award to prominent exporters annually under various categories to recognise and encourage them.

The award was presented in a glittering ceremony in Jammu by the Honourable Lieutenant Governor, Mr. Manoj Sinha on November 17th and was received by Mr. S. Srinivasan Managing Director of Spirotech. The award is for the export contribution for the year 2017-18 and was presented late due to two years of pandemic.

It is important to note that Spirotech has been conferred with this award for the Seventh time. It is known that, Spirotech has specialised in the manufacture of international quality Heat Exchangers for HVAC Appliances with an annual capacity of 5 Million coils is currently exporting nearly 90% of its production to developed economies of North America and Europe.)

GOVERNMENT CONNECTS

RRC HYDERABAD

RRC Hyderabad visit to GST dept

Mrs. Sivanaga kumari -commissioner of GST Telengana

The visit was lead by our Hyderabad committee members

Mr. Sreekanth Papineri

Mr. Bashyam Kalyanaraman

Mr. P. A. Prabhu

Mr. Jenson Sebastian

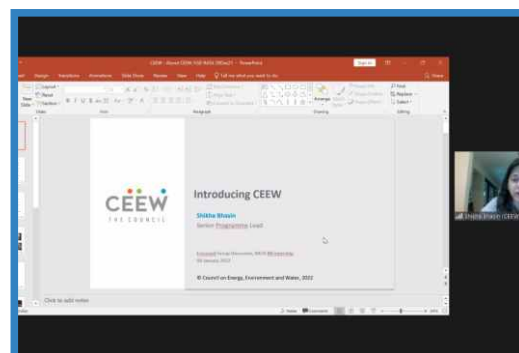

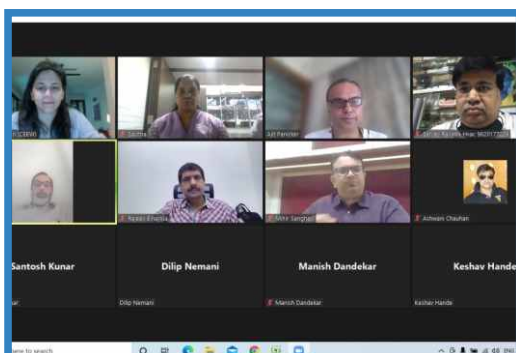

Mr. Vinay Nahata

Mr. V. Subramanian

15 RATA members who are into component manufacturing were invited for a discussion on the challenges faced by us as manufacturers in the HVAC industry. The meeting was conducted by CEEW

We hope to highlight these difficulties with an intent to draw the government's attention to help component manufacturers in the HVAC& R industry
