Message from National President

Ajit Panicker National President

Dear Members

This September the managing committees have completed their one-year term, a term that has transformed RATA by way of its reach, our influence, our activities, our financial reserves and our membership. While we continue our endeavor to recover from the covid impact to our businesses it's important that we also plan and schedule at least an hour a day for the activities of RATA that will help the purpose and grow the association.

At the end of the first month last year October 2020 we were 440 members, as on September 2021 end we are 924 companies as our members, we have grown our membership base by 110% an achievement never before done in the 73-year history of our association. Over the last one year we have done over 188 programs both online and offline nearly one program every two days. The performance goes a long way in showcasing the enthusiasm within our members to collaborate and grow together. Over the last one year we have also associated with at least eight other trade bodies across India and have made representations to both Central and State governments on GST issues that has been plaguing our industry.

Over the next half of our term we will continue to focus on our membership, knowledge sessions, engaging with government. We are in discussions to finalize a MOU with CEEW (Council of Energy Environment and Water) a well-established think tank that advises various bodies on matters also concerning our Industry. We are in discussion with National Safety Council, a central government body for an MOU that would help our trade on various aspects on matters related to our industry.

We are just 76 short of our National Membership milestone of 1000 members, we look forward to achieving the same at the earliest.

BUSINESS CHUNAUTIYAN

August session showcased how our Refrigeration industry is playing a critical role in the world's largest vaccination program. The session had good reviews and has helped build credibility for our industry.

September Session showcased a successful entrepreneurial journey of a **RATA** member from Chennai. Events like these have had large viewership within our trade and inspire many of of members to learn, get inspired and grow their business.
