

MFG. : REFRIGERATION & AIR CONDITIONING COILS,
COLD STORAGE UNITS, FAN COIL UNITS,

DEALERS : REFRIGERATION GASES 22, 134A, 407C, 404/A,
EQUIPMENTS & SPARES

FIDVI

REFRIGERATION INDUSTRIES

QUALITY

FIDVI REFRIGERATION INDUSTRIES IS A COMPANY ESTAB. IN THE YEAR 1969 THE COMPANY MAINTAINS A VERY HIGH QUALITY CONTROL STANDARD DURING THE MANUFACTURING OF ANY OF ITS PRODUCTS.

AIR CONDITIONING HEAT EXCHANGER

OUR RANGE OF HEAT EXCHANGERS ARE AVAILABLE IN TWO BASIC FORMATS KNOW AS EVAPORATORS AND CONDENSERS, OUR EXPERTISE IS IN OFFERING OUR RANGE AS PER THE REQUIREMENTS OF OUR CLIENTS & AT COMPETITIVE PRICES

DOUBLE CIRCUIT COOLING COILS

WE CAN FABRICATE COILS WITH DIFFERENT CIRCUITS TO ACHIEVE BETTER COOLING PERFORMANCE. THESE ARE DESIGNED TO OFFER THE OPTIMUM LEVEL OF HEATING AND COOLING LEVELS DESIRED. OUR RANGE OF COILS ARE DESIGNED TO MAXIMIZE HEAT TRANSFER WITHIN THE CONSTRAINTS OF AIR PRESSURE DROP.

COLD ROOM COOLING COILS

WE OFFER UNITS HAVING INSULATED DRAIN TRAY, CEILING SUSPENSION TRAY,

HEATER FOR DEFROSTING IN (DX TYPE) USING REFRIGERANT AND (CHILL WATER TYPE) USING COLD WATER AS A MEDIUM . THESE UNITS CAN WORK FROM MINUS 20° TO PLUS 10° CENTIGRADE.

ANTI CORROSIVE COILS

SINCE THERE ARE LOT OF INDUSTRIES USING CHEMICAL PROCESS IN THEIR APPLICATIONS, COPPER PIPES LEAK AS SOON AS THEY COME IN CONTACT WITH THE CORROSIVE ATMOSPHERE. WE APPLY SPECIALIZED CHEMICAL PAINTS ON OUR UNITS WHICH THEN ACT AS BARRIERS IN THESE ATMOSPHERE. WE CAN ALSO GIVE OUR COILS MADE FROM 304 /316 GRADE STAINLESS STEEL PIPES.

Anti Corrosive Coil Coating

MECHANICAL EXPANSION PROCESS

WE MECHANICALLY EXPAND COPPER AND STAINLESS STEEL TUBES AS PER APPLICATION, BEING IN THE LINE OF WORK SINCE DECADES MECHANICAL EXPANSION GIVES A BETTER RESULT IN THE FIELD OF HEAT EXCHANGE.

EVAPORATORS

THESE ARE USED IN COOLING MEDIA, NORMALLY WITH DISTRIBUTOR AND HEADER, WITH THE MEDIUM OF EXCHANGE BEING REFRIGERANT AND AIR, COMPATIBLE FROM MINUS 40°CENTIGRADE. TO PLUS 0°CENTIGRADE THE SECOND FORM IS CHILL WATER WHERE IN THE MEDIUM IS WATER AND AIR . THEY COME WITH TWO LONG HEADERS EITHER IN MILD STEEL, COPPER AND STAINLESS STEEL.
